

REGENT COLLEGE SAFETY LENS

At Regent College, we care deeply about the safety of all of our community, with the well-being of our students and staff being our primary focus. We are committed to providing a physical, educational, and emotional environment that safeguards all students.

We seek to always uphold the National Principals for Child Safe Organisations to create a culture, adopt strategies, and take action to promote child wellbeing and prevent harm to children and young people.

This edition of the Regent College Safety Lens aims to provide families with some helpful resources as we celebrate **Safer Internet Day** with students this week.

NATIONAL PRINCIPALS FOR CHILD SAFE ORGANISATIONS IN FOCUS:

- 1** Child safety and wellbeing is embedded in organisational leadership, governance and culture.
- 3** Families and communities are informed and involved in promoting child safety and wellbeing.
- 8** Physical and online environments promote safety and wellbeing while minimising the opportunity for children and young people to be harmed.

SAFER INTERNET DAY TUESDAY 9 FEBRUARY 2021

On Safer Internet Day the world comes together with a shared vision of making online experiences better for everyone.

Over the past year, the internet has brought us together to learn and share more than ever. So we need to make sure it's as safe as possible for the kids in our care.

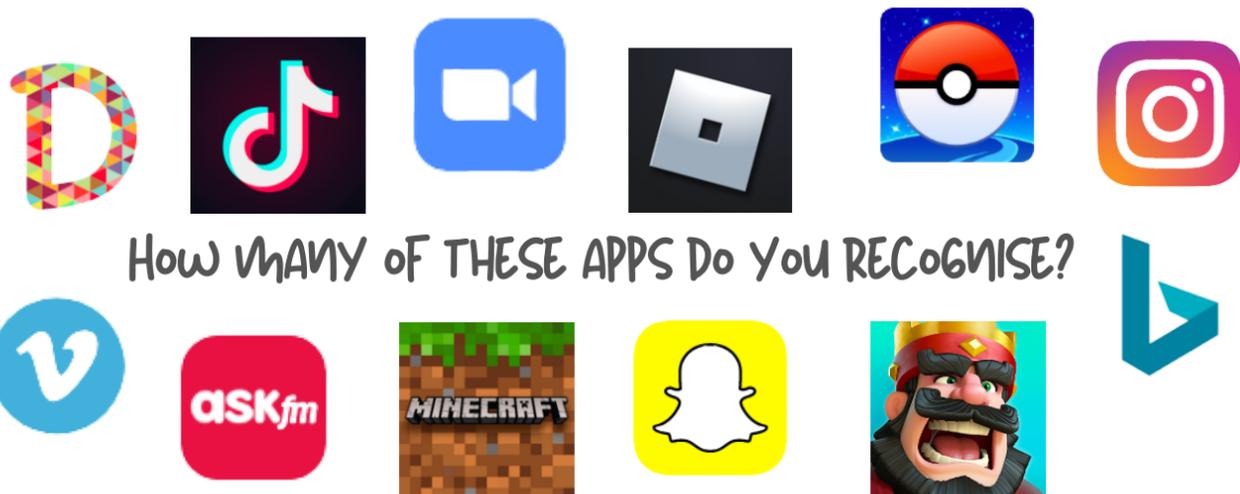

Regent College will be making special efforts to talk to students this week about the safe use of the internet. In this edition of the Safety Lens, we hope to equip Families with resources to encourage internet safety at home too.

RESOURCES FOR FAMILIES

THE ESAFETY GUIDE

How many of these apps do you recognise?

With millions (not an exaggeration) of apps available online, it is near impossible to keep up with what each app is, and what it can do.

Fortunately, the eSafety Commission has developed [The eSafety Guide](#).

Visit the guide to learn about the latest games, apps and social media, including how to protect your information and report inappropriate content.
