

# REGENT COLLEGE

Sunday 20 February 2022

## A Message from the Principal

Dear Parents/Guardians

Now that we have entered a high caseload environment for COVID19, we can begin to imagine the "new normal" of living with COVID19 in our community.

### No blame approach

It goes without saying that we will need to navigate many different COVID positive scenarios in the coming months. One thing is definite: there is no place for stigmatisation for individuals who are COVID positive. Please don't feel worried or embarrassed if your family is affected by COVID19. We are all in this together and expect that COVID19 will impact us all. Also, please don't feel obligated to prove that your child is testing negative for COVID19.

### Reach out to Regent College

We acknowledge that the next phase of COVID19 in WA is likely to affect families with primary school-aged children, in particular. This is because there is a high chance of children being regarded as a close contact, just by the fact that they are not (yet) wearing masks. If there is anything we can do to help, please feel free to reach out to us at: [together@regentcollege.wa.edu.au](mailto:together@regentcollege.wa.edu.au)

*Let us think of ways to motivate one another to acts of love and good works. Hebrews 10: 24*

Kind regards

Derek Nicholls  
Principal
